

Aiswei photovoltaic inverter disassembly

How to use aiswei app to monitor photovoltaic power stations & inverters?

If the Aiswei APP is used to monitor photovoltaic power stations and inverters, the monitoring device should be configured and connected to the Internet to work normally. Before registering an account, you need to have an email address or mobile phone number that can be available normally.

Do I need a password for aiswei inverter?

Once you have finished the setting, you need a password when you need to modify some parameter and the safety code. You can contact AISWEI services. Click "Safety code" will display all safety codes supported by this inverter, as shown in Figure 2-5-16. You can click the required safety code according to local requirements.

How to View PV power plant list in aisweicloud?

Step 1: Open the AiSWEICloud APP and log in with your registered account. Step 2: After successful login, you will see the PV power plant list page, as shown in Figure 2-2-1 (Hint: If you have not created or been shared with the power plant before, the power plant list will be empty).

What is aisweicloud?

AiSWEICloud The AiSWEICloud is a cloud service platform for users provided by AiSWEI. The ZeverCom/AiCom/ComBox/ZeverManager/AiManager transfers the inverter and PV plant data to the AiSWEICloud server via the Internet to enable the users to monitor their PV plants and inverters remotely via a computer or a mobile device.

How does aiswei New Energy Technology (Jiangsu) work?

The monitoring equipment of AISWEI New Energy Technology (Jiangsu) Co., Ltd. transmits working data to the cloud platform AisweiCloud via the Internet so that users can remotely monitor the energy storage power station through a mobile phone terminal.

What is included in the manual for aiswei smartphone monitoring system (aisweicloud)?

The Manual describes the precautions, installation methods and operating instructions, etc. for the AiSWEI smartphone monitoring system (AiSWEICloud) in detail. The technical parameters described in this document are applicable to the current version of the product.

AISWEI, Solplanet's parent company, achieved a record number of shipments in 2023, ascending to sixth place in the global PV inverter shipment rankings, as reported by S&P Global Commodity Insights, a leading provider of global energy market intelligence. Furthermore, a report by Wood Mackenzie, a global insight business for renewables, energy and natural ...

AISWEI produces only non-isolated (transformerless) inverters. The transformerless inverter is the most common inverter in the residential and commercial market and usually has a higher efficiency, lower cost,
