

Energy storage container mobile toilet

Are portable toilet cabins supplied with water?

Portable toilet cabins and sanitary cabins are fully fitted in the factory, right up to the outside of the cabin. They are delivered assembled and ready for immediate use. How are portable toilet cabins and sanitary cabins supplied with water? Yes. In most cases, the installation of a cabin or container is subject to approval.

Why should you choose a toilet cabin from containex?

Then a toilet cabin from CONTAINEX is an excellent choice! Because our high-quality toilet cabins are operated with fresh water instead of chemicals and they are available in various sizes with different equipment options. In addition, they can be expanded as required and combined with other cabins thanks to the tried and tested modular design.

What sizes are available for a mobile toilet unit?

Available mobile or static in 3 sizes, 1+1, 2+2 & 3+1. Simply hitch up an EasyCabin mobile toilet unit and drive directly to site. Within a matter of moments clean, comfortable and spacious toilet provisions will be ready to use on site. All of our portable toilet units come with modern cubicles and are extremely simple to transport and set up.

Are the toilet cabins a sanitary solution?

The toilet cabins from our range are not only versatile, they are also a space-saving and hygienic sanitary solution that you can equip individually. How? You will find out in the following section! CONTAINEX toilet cabins are not only delivered promptly and set up quickly, they can also be individually equipped. You have the following options:

What is a solar powered toilet?

Designed and built in the UK, these solar powered toilet units are perfect for remote site locations - they are self-contained and up to 96% CO₂ efficient. The roof mounted solar PV panel converts sunlight into electricity which is stored in a battery bank and powers the in-built systems.

What is a portable bathroom unit?

Our portable bathroom units are ideally suited for residential construction sites, outside events and just about anywhere, when temporary bathroom facilities are needed. EasyCabin portable bathroom units include powerful, efficient high-output boilers to ensure a continuous supply of hot water on-demand. Shower, sink and toilet for 1 person
