

How to make a mobile phone holder with solar tube

How to make a DIY cell phone holder?

Using your favorite chair as inspiration, you can design a DIY cell phone holder from scratch using only popsicle sticks. You may use a lawn, rocking, or hanging chair as the model and then add some fabrics to give it a realistic, miniature chair feel. Besides popsicle sticks, you can use any suitable material, from wire to wood. 7.

Can you make a phone holder from a sock?

Armband phone carrier made from a sock Are you very interested indeed in phone holder solutions for your morning run but you're a little to intimidated by the sewing skills it takes to make the leggings pocket idea we talked about earlier? Then we'd be willing to bet that you'll have better luck with something like this DIY phone armband instead!

How to make a portable iPhone stand?

You can create a handy portable DIY iPhone stand by attaching a piece of wood to a key chain. Depending on your phone's size, mark and cut out a notch in the wood where the phone will sit. You can paint the wood or leave it plain. 9. Phone Stand Using Toilet Paper Roll

How do you make a DIY phone stand?

Fold the ribbon in half and set it inside the two layers, next to the fold. Keep the fold of the ribbon away from the edge, aligning its opposite end with the long edge of the fabric piece. Secure everything in place with pins or clips. Sew a final stitch across the upper edge to close the gap. Your DIY phone stand is complete!

How do you make a cardboard phone holder?

DIY Cardboard Phone Holder Make this simple phone holder using a single piece of cardboard. The main materials required are a few pieces of cardboard, tape, glue, and a box cutter. To get more comfort while working with a phone, build this phone holder yourself at home.

How do you attach a phone holder?

Push the pellets inside and pin. Hand or machine sew the opening shut. Now bring the two corners of the upper edge together so that the upper edge is perpendicular to the bottom edge of the phone holder. Secure with pins or clips. Stitch the top, leaving the last 1 1/2 inches unsewn so you can stuff it up.
