

# Huangming Solar Power Customer Service

How many solar thermal heaters does Huang Ming produce a year?

Huang Ming's Himin produces all-glass vacuum tubes, solar water heaters, PV lighting, solar-thermal high-temperature power generation, and solar architecture. As of 2011, Himin Solar produces 2 million m<sup>2</sup> solar thermal heaters every year. In total by 2011, it has produced 10 million m<sup>2</sup>.

Who is Huang Ming?

Because the Himin model provides the world with a great example and model for renewable energy development, in September, 2008, Huang Ming was elected vice president of ISES and became the first Chinese person to assume the leadership of this world famous renewable energy academic institution.

What is Huang Ming's motto?

Huang Ming's motto is "For the blue sky and white clouds of later generations, use the qualified products to promote the energy substitution". Huang Ming has served on the 10th and 11th Peoples Congress (China's Parliament). He drafted the Law on Renewable Energy and united other representatives in support of it.

Who is Himin Solar?

Himin Solar Co., Ltd is a global leader in the solar industry. The Himin brand was presented with the honor of being a "Famous Trademark" in China and China's "Environmental Label Product".

Last year, Chinese vacuum tube manufacturer Huang Ming internationally known as Himin Solar installed its largest system for solar process heat to date. The company said that it had set up a 9,903 m<sup>2</sup> installation in Shandong province in October 2015, a system which had since produced heat for a textile factory owned by the Ruyi Group.
