

Huashui Photovoltaic Panel Repair Shop

How do I choose a solar panel repair company?

Ideally, you'll choose a solar panel repair company that can help to service and repair your solar panel system for many years to come. Help get that selection right first time by checking out online reviews from previous customers. For such an important investment in your home, this simple action will provide the reassurance you need.

Can a broken PV system be restored?

Broken modules can easily and cost-effectively be restored through a repair. When you opt for a repair, you won't change the structure or optics of your PV system. Everything will still be in original form. Repairing the panels can be the most affordable way to restore a PV system. Especially when there are no replacement modules available.

Is Anhui huasun a third party inspection service provider?

Confident in the quality of their equipment and processes -- Anhui Huasun Energy Co., Ltd has opened their doors to an independent third party inspection service provider. The data provided here has been collected by the industry's most established solar testing bureau -- TÜV Rheinland

What happens after a solar panel repair?

After a repair, the optics of your system stay the same. Solar panels are all constructed in a similar way. This is a big advantage, as it makes repairs relatively easy.

How much does a solar panel repair cost?

Of course, the answer to this one depends on what repairs are required; whether it's a straightforward fix or not. One common solar panel repair involves replacing the inverter. This is a job that's generally required around every 25 years and usually costs between €800 and €1000. However, other minor repairs could be much cheaper.

Do I need a professional technician to repair my solar panels?

Whatever your solar panels have suffered, you will need qualified professional expert technicians to carry out any necessary repairs. We can ensure that your investment in energy efficiency and economy can operate at peak running capacity to provide the benefits that you are entitled to receive.
