

Illustrated guide to purchasing JA Solar panels

What is included in the JA Solar installation manual?

Thank you for choosing JA SOLAR modules! This Installation Manual contains essential information for electrical and mechanical installation that you must know before handling, installing JA Solar Modules. This Manual also contains safety information you need to be familiar with.

How to install JA Solar modules?

JA solar recommends installing the modules with a tilt angle of at least 10 degrees, making it easier for dust to be washed off by rain. Ensure the installation method and supporting system of modules is strong enough to make the modules can withstand all the load conditions.

How to unpack JA Solar modules?

Store pallets in a ventilated, rain-proof and dry location until the modules are ready to be unpacked. Please unpack the package of JA Solar modules according to "JA Solar Modules Unpacking Instruction". Do not lift the modules by grasping the module's junction box or electrical leads in any condition.

Can I collect orders from JA Solar?

Yes, you can collect orders from our warehouse in Medway, Kent in the southeast of England. Whatever size it might be from a set of stickers to a container of modules. JA Solar produces record-breaking panels with huge efficiency. Get a complete photovoltaic system delivered next day in the UK from Segen.

Can JA Solar modules corrode?

JA Solar Modules have passed the IEC 61701 salt-mist, but galvanic corrosion can occur between the aluminum frame of the Modules and mounting or grounding hardware if such hardware is comprised of dissimilar metals. JA Solar recommends that only stainless steel and aluminum metal directly contact Modules in seaside installations to limit corrosion.

Are JA Solar modules safe?

2. Conventional Safety JA Solar Modules are designed to meet the requirements of IEC 61215 and IEC 61730, application class A. Modules rated for use in this application class may be used in system operating at greater than 50V DC or 240W, where general contact access is anticipated.
