

Why do you need a car phone holder?

Driver safety is at the forefront of everything we do at Halfords, that's why we supply a full range of the best car phone holders to make sure you can access your calls in the car without having to compromise your safety. Our car mobile phone holders attach to the dashboard or windscreen and are compliant with all models of phone.

How do I find the right car phone holder?

If you need help finding the right car phone holder to suit your phone and vehicle, then you can always call into your local Halfords store and one of our staff will be on hand to help you choose the best model for you.

What's a good phone holder?

I bought a Halfords basic vent type holder - about £8. It holds the phone well, and is extremely easy to fit and remove. It does slightly obscure the radio or fan controls, but not enough to bother me. With (hopefully) Android Auto and Bluetooth, I am expecting to put my phone somewhere I don't need to see it and avoid risk of distraction.

Keywords - solar panel, battery, charge controller, solar energy, mobile phone. [View full-text. Article.](#)
Efficient use of solar chargers with the help of ambient light sensors on smartphones.

I used the left-hand (RHD car) small triangular piece of trim next to the stereo and customised a vent-mount phone holder. I ran a USB cable from the back of my stereo to it, so now I have a secure phone holder that doesn't leave horrid rings on the windscreen or block an air vent, and it's powered without using up a 12v socket or having a loose wire hanging around.

Meeting your energy needs with your own installed solar energy system will cut your energy bills. The amount saved by the system depends on its size and the energy demands of your home; the current recommendation from the SEAI is that a solar system should be sized to cover a maximum of 70% of annual electricity usage.
