Solar Panel Mounting Systems. Different solar panel mounting systems to provide you with a choice of setups. The stand provides a quick temporary solution. Then there's the adjustable grip system which means you can turn your solar panel to catch more sunlight. Alternatively, the mounting brackets can be used to fix your panel permanently in place.

Gain up to 25% more solar panel efficiency by tilting your panels towards the sun instead of laying them flat. This is especially beneficial over winter months when there is less sunlight. Suitable for large solar panels due to the individual legs design, we recommend nothing smaller than 770mm.

Our range of Fastensol offers premium Solar Panel Fixings & Solar Panel Mounting Rails, a cutting-edge solution for efficient solar installations. These high-quality components ensure secure panel attachment and easy alignment, maximising energy output.

Getting the right solar panel mounting can be tricky but here at Low Energy Supermarket we have tried and tested and are able to offer you what we feel are the best on the market at competitive prices
