How pvbl ranked the top 20 global photovoltaic inverter brands in 2023?

On the first day of the conference, PVBL's annual ranking of the Top 20 Global Photovoltaic Inverter Brands was announced. Preferential policies promoted the inverter market growth in 2023. Most of the major inverter companies won a large amount of orders and expanded their capacity with high shipment volume.

Which companies are leading the global PV module market in 2022?

A total of 18 Chinese companies were selected in the top 20 list, with a total output of more than 270GW in 2022, gradually taking over the global PV module market with their unique advantages. LONGi, the king of the PV industry, supplied 46.76GW of modules in 2022, up 21% year-on-year.

What are some notable solar PV tracker companies?

Other notable solar PV tracker companies include (listed in alphabetical order): Powerway: Powerway Renewable Energy Co., Ltd. supplies roof racking systems, solar mounting systems, and solar tracking systems to global solar power stations. The company has supplied and installed solar trackers and structures in 60+ countries worldwide.

Who are the top 20 solar module manufacturers?

The module shipments of the top 20 manufacturers increased by more than 50% year-on-year, of which the shipments of the top four accounted for 59.95% of the total shipments of the top 20. The major players maintained their leading positions throughout the list. The top four were LONGi, Jinko, Trina and JA Solar, the same order as previous year.

How many new build photovoltaic deals have been closed?

BloombergNEF therefore bases its criteria in what deals have been closed in the past, as tracked by our database -- 39,000 new build photovoltaic financings worldwide as of November 2022. We only tier manufacturers which actually own production facilities and sell under their own brands.

Which inverter companies are leading the market growth in 2023?

Preferential policies promoted the inverter market growth in 2023. Most of the major inverter companies won a large amount of orders and expanded their capacity with high shipment volume. Sungrow and Huawei tied for first place in the list with outstanding performance.
