

Photovoltaic panel contract lawsuit

How do I file a lawsuit against a solar energy company?

This can include documents such as your solar energy contract, photographs of any damage, correspondence with the solar company, and any other relevant information. While you may be able to handle a small claim on your own, it's generally advisable to hire a lawyer who specializes in solar energy litigation.

Can a solar company file a class action lawsuit?

In the case of solar companies, class actions may arise when many customers have been affected by the same issue or breach of contract terms. For example, if a solar company installed faulty panels in hundreds of homes and refused to fix them, all affected homeowners could join together in one lawsuit against the company.

Why do people file lawsuits against solar companies?

Some consumers have filed lawsuits against solar companies due to deceptive practices such as false advertising or misrepresenting their products' capabilities and benefits. It's important always to read through contracts carefully before signing with any service provider and ensure that all terms are clearly defined.

Can I sue a solar company?

Many residential solar companies have arbitration clauses that require you to use consumer arbitration rather than go to court. If you have an arbitration clause in your contract, you won't be able to sue solar companies in state and federal courts. With arbitration, you and the solar company provide information to a neutral third-party arbitrator.

Can I claim compensation for mis-sold solar panels?

If you feel you were mis-sold solar panels for your home you could claim compensation. Back in 2019, it was reported that the Financial Ombudsman Service had around 2000 complaints from unhappy customers who felt they had been mis-sold their solar panels, with more coming in every week.

Can I sue a solar company for misrepresentation?

If so, you may be able to sue them for misrepresentation or fraud. This can include exaggerating the energy savings or making false promises about system performance. In some cases, the installation of a solar system can cause damage to your property.

If you've experienced harassment from a debt collector on a solar power bill, or if you've been charged for something you don't owe, we can review your case to see if the collector has violated any of the rules.
