

Who are the top European solar photovoltaic (PV) companies?

This report lists the top Europe Solar Photovoltaic (PV) companies based on the 2023 & 2024 market share reports. Mordor Intelligence expert advisors conducted extensive research and identified these brands to be the leaders in the Europe Solar Photovoltaic (PV) industry. Lightsource bp Renewable Energy Investments Limited.

How pvbl ranked the top 20 global photovoltaic inverter brands in 2023?

On the first day of the conference, PVBL's annual ranking of the Top 20 Global Photovoltaic Inverter Brands was announced. Preferential policies promoted the inverter market growth in 2023. Most of the major inverter companies won a large amount of orders and expanded their capacity with high shipment volume.

How important are tiers & rankings in the solar PV industry?

In the Solar PV industry, tiers, rankings and scorecards of solar manufacturers matter a lot, particularly to solar contractors and end-consumers. Generally, these ranking lists served as primary sources for all the leading solar manufacturers in the global market.

Who are the top 20 solar module manufacturers?

The module shipments of the top 20 manufacturers increased by more than 50% year-on-year, of which the shipments of the top four accounted for 59.95% of the total shipments of the top 20. The major players maintained their leading positions throughout the list. The top four were LONGi, Jinko, Trina and JA Solar, the same order as previous year.

How are solar products ranked?

Every solar manufacturer's PV products undergo a series of lab testing and research before they were listed on the scorecard. Generally, top performers/manufacturers are determined by the final average of the results of every bill of materials (BoM) and that is under the same model type.

Which companies are leading the global PV module market in 2022?

A total of 18 Chinese companies were selected in the top 20 list, with a total output of more than 270GW in 2022, gradually taking over the global PV module market with their unique advantages. LONGi, the king of the PV industry, supplied 46.76GW of modules in 2022, up 21% year-on-year.

On June 10, the "2022 global photovoltaic top 20 ranking" initiated and held by 365 photovoltaic, 365 energy storage and smart energy was officially released to the world in the form of online broadcast. With its outstanding performance in ...
