Follow the manufacturer's instructions regarding the safe use of the dryer. Inspect and clean the lint screen after each load of laundry. The build-up of lint can lead to a fire. Regularly remove lint from metal ducts and exhaust vents. The inside of the dryer cabinet should be cleaned as per manufacturer's instructions.

There are plenty of reputable board game manufacturers and the biggest decision came down to which was best for me. Let's take a look at my 3 key measurements. 1. Communication. Above all else, communication is the key to manufacturing a great board game, if you can't talk with the factory then you're going to have problems.
