What is a chopstick curler?

**Key Specs:** Set apart from your standard curler by its slim rectangular barrel, Chopstick's styler seamlessly mimics hair that kinks, curls and coils. Those with tightly coiled textures (4c hair inclusive) will appreciate the precision of its wand, which deftly heats thick hair of all lengths for a bouncy, spring-curl finish.

How do I choose a curling wand?

Choosing the perfect curling wand all comes down to the type of hair you have. If you have long hair, a hair curler with a thick barrel size is key. Wands like the Beauty Works Professional Styler, with its extra long barrel, are a great choice, as there is space to spread out your locks and distribute heat evenly.

What is a cool air curler?

**Key Specs:** Designed to wrap, curl and cool your hair with direction control for a choice of curl finishes, this curler is great for those who struggle to use more traditional models. It also features a Cool Air Smart System, which delivers a blast of cold air to help set the curl in place for long-lasting hold.

How long should a cordless curler be?

Long cable lengths of 2-3m are ideal as they give you a little more leeway, but if you don't fancy being chained to your vanity at all then cordless curlers are an excellent choice.

What is a clamp curler & how does it work?

The clamp curler has long been the reserve of professional salon stylists: it's embraced by pros for its ability to smooth hair as it styles for a curl that's glossy and sleek. This option from Drybar takes the guesswork out of achieving flawless, high-shine curls, with an automatic rotating barrel that does all the heavy lifting.
