In Solar Power, readers will come to understand the advantages and disadvantages of solar power. Readers will also learn the history and the possible future of solar power. Abdo & Daughters is an imprint of Abdo Publishing, a division of ABDO.

Solar energy is clean and renewable, but it is also intermittent: most locations get only 6 to 7 hours of full sun per day. Worldwide there are now many large and small solar thermal power plants as well as solar water heaters. The largest solar thermal power plant in the world is located in California's Mojave Desert.
