

Solar rack prices in Brazil

How much does solar energy cost in Brazil?

The average monthly electricity bill for a house in Brazil is R\$500, while the cost of installing solar energy on the roof is around R\$15,000, according to the price simulation table of the concessionaire Portal Solar. Due to the significant drop in module prices, the payback period for users has been significantly shortened.

How much does PV cost in Brazil?

In Brazil's regulated electricity market, the price of PV has fallen from more than US\$100 per MWh in 2013 to US\$32 in 2022, and even just over US\$20 at its lowest point in 2019. Photovoltaic power and wind power are one of the lowest-cost power generation technologies available.

Is rooftop PV a viable option in Brazil?

Rooftop PV accounts for around 70% of the installed PV capacity in Brazil, and as the information about the widening price difference between solar electricity and retail electricity tariffs spreads, more and more residential consumers embark on the rooftop PV option.

How many rooftop PV systems are installed in Brazil?

To date, 2.3 million rooftop PV systems have been installed in Brazil, with the potential to install more than 90 million rooftop PV systems. In 2023, Brazil added more than 10GW of PV capacity, with a cumulative installed capacity of more than 37GW, making it the fourth largest in the world, behind China, the United States and India.

Why are Brazil's PV module imports so high in 2023?

According to a report by Greener, a Brazilian PV consultancy, Brazil's PV module imports reached 17.5GW in 2023, slightly lower than the 17.8GW in 2022, but up 70% from 10.4GW in 2021 and still maintaining a record high. The continued downward trend in PV module prices has driven the acceleration of Brazil's PV imports.

What is the import volume of PV modules in Brazil?

Compared with the previous months, the import volume of PV modules in Brazil increased by 19.5% in August 2021. The highlight is that 64% of the total is single-sided components. PV module import In August 2021, the import volume reached 594 MWP, an increase of 179.5% over the same period in 2020.
