What is Trina Solar 415w?

Trina Solar 415W is a monocrystalline module with a 20.4% efficiency, which is a long stretch ahead of what conventional panels have to offer. Trina Solar 415W has a low temperature coefficient of -0.36%, which means that the module's efficiency decreases just 0.36% for every 1.8°C above 77°F. This helps to maximize the final energy output.

How much power does a Trina Solar panel produce?

The TallMax 5BB, 385-410W - TSM-DE15H (II) can achieve up to 410W with a 20.2% efficiency, and the TallMax 345-385W - TSM-DE14H (II) can attain a 385W output with a 19.9% efficiency. The high efficiency and power output of Trina Solar panels means that homes don't need many panels on the roof.

Who is Trina Solar?

Founded in 1997, Trina Solar is the world's leading total solution provider for solar energy. With local presence around the globe, Trina Solar is able to provide exceptional service to each customer in each market and deliver our innovative, reliable products with the backing of Trina as a strong, bankable brand.

Where is Trina Solar distributed?

Trina Solar now distributes its PV products to over 100 countries all over the world. We are committed to building strategic, mutually beneficial collaborations with installers, developers, distributors and other partners in driving smart energy together.

Why should you choose Trina Solar?

With local presence around the globe, Trina Solar is able to provide exceptional service to each customer in each market and deliver our innovative, reliable products with the backing of Trina as a strong, bankable brand. Trina Solar now distributes its PV products to over 100 countries all over the world.

Trina Solar Panel 450w These panels also include an extensive 25-year product warranty and 30-year power warranty thanks to a 0.4% annual degradation rating enabled by N-type technology. Electrical

Paired with our new n type i-TOPCon cell, this is the next generation of solar panel for residential and commercial projects. An incredible 30 year power warranty. Dual-glass and n type i-TOPCon technology allow us to offer an ...
