

What brand of photovoltaic panels is risun

Is risen solar panels a good brand?

Among the leading brands in this industry, Risen Solar Panels stands out for its exceptional quality and performance. This review will delve into the key features and benefits of Risen Solar Panels, helping you make an informed decision when considering solar energy solutions for your home or business.

Are risen solar panels available in Australia?

Risen has set up distribution channels in Australia including recently announcing a 150MW distribution agreement with One Stop Warehouse giving them exclusive rights to Risen's 330W Jäger Solar Panels. How Much Do Risen Solar Panels Cost? Should I Buy Risen Solar Panels? What is a Bloomberg Tier 1 Solar Panel?

Is risen solar a solar installer?

A hands-on review of Risen Solar and their RSM 40 panel by Solar Choice CEO Jeff Sykes Note: Solar Choice is not a solar installer and has no financial or other incentives to promote any product brand over another. Risen Energy Co., Ltd. was founded in 1986 and converted from being a producer into a solar panel manufacturer in 2002.

Who are risen solar panels?

Risen has been supplying solar panels to Australia since 2008 and has developed a local office and team based in Mt Waverley, Victoria. Risen has set up distribution channels in Australia including recently announcing a 150MW distribution agreement with One Stop Warehouse giving them exclusive rights to Risen's 330W Jäger Solar Panels.

Do risen solar panels have a warranty?

Most Risen solar panels come with a 15-year product warranty which is ahead of the market standard of 12 years. This year Risen has introduced a 25-year product warranty for 4 of their new solar panels (which are listed on this document). Looking through Risen's warranty documentation, there is a clearly documented process to claim a warranty.

Are risen solar panels eligible for a STC rebate?

The annual capacity of Risen has reached up to 24.6GW in 2021 which makes them one of the main-stream solar panel manufacturers. Risen currently has 170 solar panels approved by the Clean Energy Council in Australia under the name "Risen Energy Co Ltd". This is a requirement to be eligible for the federal STC solar rebate.
