

# What is the warranty policy for photovoltaic panels

How long is a solar panel warranty?

Solar panel warranties vary depending on the manufacturer, but in the solar industry, a 10-year product warranty and a 25-year performance warranty are typically considered the minimum standard. However, some manufacturers provide a 25-year product warranty and extend the performance warranty to 30 years. How Much Does a Solar Panel Warranty Cost?

What is a performance warranty on solar panels?

Conclusion A performance warranty guarantees that the solar panel will not degrade below a certain percentage over a specified period, usually 25 to 30 years. This type of warranty is essential because solar panels naturally degrade over time.

How do I get a solar panel warranty?

Generally, the most robust warranties are obtained by hiring installation companies certified by the solar brands they represent. Alternatively, long warranties can also be secured from solar manufacturers that provide their own installation services. What Is Not Covered by a Solar Panel Warranty?

Do solar panels outlive warranty?

Yet, with solar panels' lifespans of around 25 years, they are likely to outlive the warranty. Manufacturing defects: Defects in manufacturing are typically covered by the manufacturer's warranty rather than solar panel insurance. Policyholders are encouraged to address manufacturing-related issues directly with the manufacturer or installer.

Are solar panel warranties a good investment?

Understanding and comparing solar panel warranties are crucial steps in your solar investment journey. They not only provide a safety net for your investment but also serve as an indicator of the quality and reliability of the product.

What does a solar installation warranty cover?

While manufacturer warranties primarily cover issues related to the solar panels themselves, such as material defects, workmanship defects, and loss of power output, the solar installation warranty extends additional protection to the entire photovoltaic system.
