Is wind energy a good investment?

Although wind energy is growing in importance, few companies focus solely on manufacturing wind turbines and components or producing wind energy. Only a couple trade on major U.S. stock exchanges. That leaves investors with few domestic pure-play wind energy investment opportunities.

What makes a 'wind stock'?

As with many alternative energy investments, there's no bright lines to what makes a "wind stock" as opposed to a company that does other things and merely dabbles in this area. Consider General Electric (GE), which is undoubtedly a big player in the wind sector, as its onshore wind segment generates billions each year.
